A note from our kitchen:

We use only the freshest and finest ingredients – real butter, real lemon (yes! real lemons), pure vanilla extracts, real chocolate (no parafins) real whip cream, etc. We cannot compete with large-box stores or other bakeries (nor do we want to) because we do not “order” our products ready made from a wholesaler and we make everything fresh in house using real ingredients.

We can customize our recipes to suit your tastes and desires!
